Question 2 Free Text: Detecting and Recovering Improper Payments (PIIA Section: 3352(e), 3352(e) (1))

Based on your selection(s) above, provide additional information below. Please note there is a 3000 character limit.

ANSWER: Most of the improper payments for 2020 were overpayments for travel vouchers. The error was discovered once the voucher was audited but the employee was already paid. Most travel vouchers are processed automatically through the system. Treasury ARC processes our TDY travel.

Question 3: Recovery Audits (PIIA Section: 3352)

Please describe the steps the agency has taken to recover improper payments identified in recovery audits. Please note there is a 3000 character limit.

ANSWER: Based on no improper payments being found in the A-123 Appendix C risk assessment at the NRC and the substantial cost of conducting recapture audits, the Agency determined that recovery or recapture audits are not cost effective.

Question 4: Excluded Programs (PIIA Section: 3352(e) (7))

Please list any programs the agency excluded from review under its payment recapture audit program because a payment recovery audit program was determined to not be cost-effective and provide a summary of the justification used to make that determination. Please note there is a 3000 character limit.

ANSWER: Based on no improper payments being found in the A-123 Appendix C risk assessment at the NRC and the substantial cost of conducting recapture audits, the Agency determined that recovery or recapture audits are not cost effective. Therefore all six programs, commercial payments, grants, employee payments, payroll, purchase cards and travel cards were excluded from payment recapture audits.

Question 5: Financial and Administrative Controls (PIIA Section: 3357(d))

Please describe your agency's progress:

(commonly known as the "Green Book"); and Office of Management and Budget Circular A-123, with respect to the leading practices for managing fraud risk;

- Identifying risk and vulnerabilities to fraud, and
- Establishing strategies, procedures, and other steps to curb fraud.

Please indicate which of the six (6) criteria (if any) were determined to be non-compliant in the most recent IG compliance review.

Question 12 Free Text: Inspector General Compliance (PIIA Section: 3352(f) (2) (A) and (B); 3353(b) (1) (A); 3353(b) (5))

Based on your selection(s) above, provide additional information below. Please note there is a 3000 character limit.

ANSWER: The results of the FY 2020 risk assessment did not identify any programs that were susceptible to making significant improper payments. Therefore, NRC must conduct a risk assessment every three years and publish results in the AFR. The NRC was determined to be compliant with compliance criteria 1 and 2, compliance criteria 3-6 are not applicable.

Question 13 Free Text: Inspector General Compliance (PIIA Section: 3352(f) (2) (A) and (B); 3353(b) (1) (A); 3353(b) (5))

ANSWER:

YES	NO	Quarterly	Quarterly

Question 16 Free Text: Do Not Pay Initiative (PIIA Section: 3354(b) (5))

Based on your selection(s) above, provide additional information below. Please note there is a 3000 character limit.

ANSWER: Issues are corrected as we get them but we selected a frequency of quarterly since the information is identified quarterly. Most of the improper payments identified do not come DNP.
