Amt(\$)	Root Cause of Monetary Loss	Root Cause Description	Mitigation Strategy	Brief Description of Mitigation Strategy and Anticipated Impact		
\$3,425M	Administrative or process errors made by: state or local agency	An improper payment occurs when a State agency that administers SNAP certifies an ineligible household for program participation or certifies an eligible household for the incorrect amount of benefits. This accounts for 41% of all SNAP payment errors	Root cause analysis, demonstration pilots, and technical assistance	By improving the validation of wages and salaries of SNAP participants, FNS anticipates an overall reduction in payment error rates.		

Monetary Loss - Monetary loss to the Government includes amounts that should not have been paid and in theory should/could be recovered.
