Federal Transit Administration Transit Infrastructure Grants - COVID Relief Funds

### **Brief Program Description & summary of overpayment causes and barriers to prevention:**

FTA's Transit Infrastructure Grants – COVID Relief Funds includes funding provided by the Coronavirus Aid, Relief, and Economic Security Act, Coronavirus Response and Relief Supplemental Appropriations Act of 2021, and American Rescue Plan Act of 2021 to support the nation's public transportation systems as they respond to the COVID-19 pandemic. FTA's Transit Infrastructure Grants - COVID Relief Funds are not administered at the Federal level and overpayments are outside of FTA control when grant recipients make administrative errors. Whereas grant recipients are responsible for the administration of federal assistance, FTA is responsible, primarily through its regional offices, for ensuring compliance with Federal requirements.

### Historical Payment Rate and Amount (\$M) (Overpayment as Percentage of Total Outlays)

### Discussion of Actions Taken in the Preceding Quarter and Actions Planned in the Following Quarter to Prevent Overpayments

This quarter, FTA performed the following actions to prevent overpayments: Implemented an upgrade to EchoWeb, FTA's grant payment system. This involves streamlining grant recipient access and increased integration with GSA's Systems for Award Management. Prepared and distributed biweekly communication to all field staff on updated improper payment processes and procedures.

### Accomplishments in Reducing Overpayment

Date

	Accomplishments in Reducing Overpayment	Date
1	FTA distributed improper payment guidance to all grant recipients requesting that transit authorities continue to practice robust internal control procedures throughout the payment lifecycle.	Mar-23
